Blessed with a beautiful, tight natural body and a great personality, we met Abi through her husband, Randy. They submitted photos of her to us and we just had to rush a photographer and our editor to their awesome ranch about twenty miles outside of Austin, Texas.

We stayed for a few days due to their warm hospitality and came away with some great photographs and a provocative interview we think you will find very interesting. Ready?...

You and Randy have a great spread here. We know you are a model, but do you also work this amazing ranch?

You bet I do. I'm up at 5 am to feed the animals and do my chores. Every day that I can.

We see the "cowboy" in Randy but how did you get here?

Randy and I met at the Texas State Fair. He was showing some of his best longhorns and I was showing him my long legs.

That's cute. And he asked you out at the fair.

No, I asked him out. After he was finished exhibiting we saw the rest of the fair together. I went to visit him at the ranch a week later and we've been together ever since. I was a bit of a city girl, but I've come to love this

Okay Abi, here it comes. What
attracts you most about a man?

*I like guys with personalities,
big hearts, and big cocks. I
know it sounds cheesy, but I do.
I like men who both respect and
know how to please a woman.
Plus, he has to have great smile
and a know how to play a good
game. He also needs to have
plenty of swagger and be really
good in bed. Like Randy.*

A close-up photograph of a person's back and buttocks. A hand with red-painted nails is visible, touching the skin. The background is slightly blurred, showing a patterned fabric.

What's something that turns you on about a man?

I'm the type of girl who needs a lot of affection and I love a man who likes the same thing. I like it when a man kisses and touches me every chance he gets. It doesn't have to be sexual; just being comforting can go a long very long way with me.

And what turns you off?

Stinky breath turns me off much quicker than a light switch. If you can't get close to his face, how can you kiss and cuddle. I'm also turned off by guys who talk and talk and talk. I talk a lot and he shouldn't talk more than me.

How do you get into the mood for great sex?

Foreplay is the number one thing. You have to put some work into it. There is no wham, bam, thank you ma'am with me. It helps if you touch me everywhere – slowly. Now that gets my juices flowing.

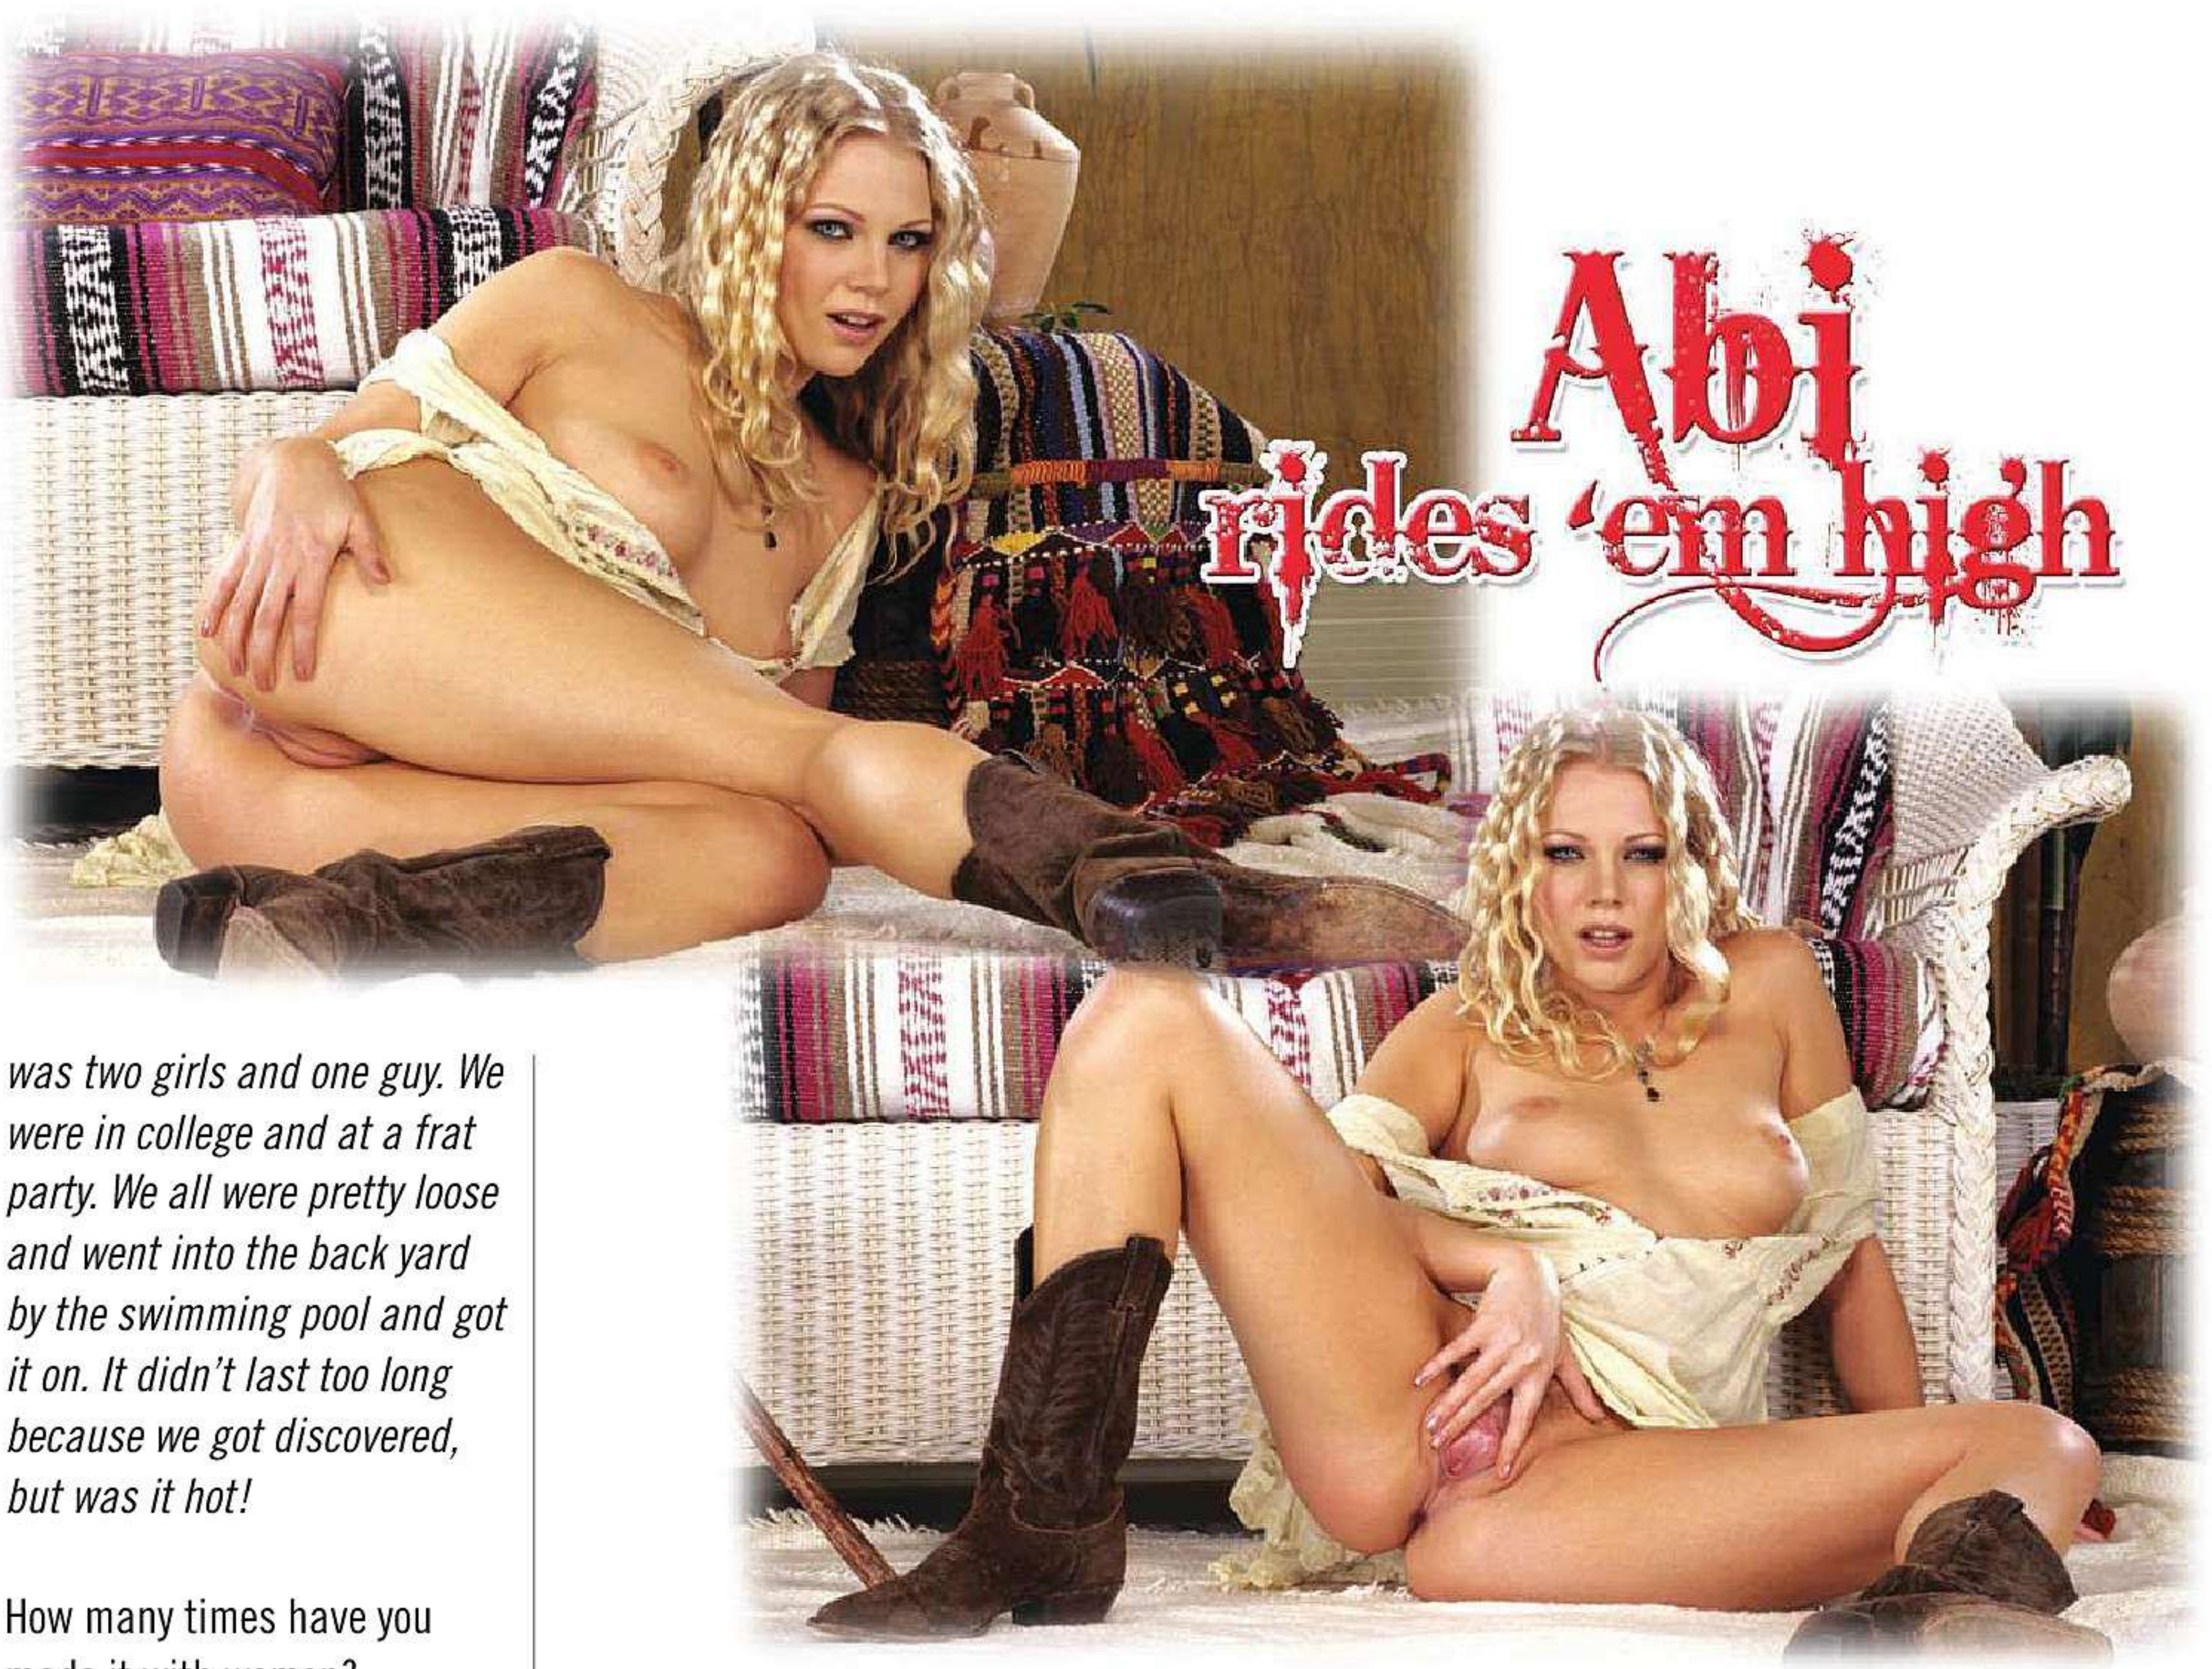

On a scale of ten, how would you rate your sex drive?

My sex drive is really, really strong. I'm 27 and in the prime of my sex drive. I think about sex a lot and need to be constantly fucking! Before Randy there were men I had to break up with because they couldn't keep up.

What's the hottest and wildest sex you've ever had?

I once had a threesome. It was

Our interview with Abi concludes on this page. Randy comes in, grabs her hand and they ride into the sunset.

was two girls and one guy. We were in college and at a frat party. We all were pretty loose and went into the back yard by the swimming pool and got it on. It didn't last too long because we got discovered, but was it hot!

How many times have you made it with women?

I really don't keep score, but I think it's been about six times. Women are great lovers. I plan to find one to share with Randy for his 30th birthday.

Do you consider yourself a bisexual?

Yes, I probably do. That's just how I am and I like it.

Is there anything special you do to please your man in bed?

I've been told that I'm really good at giving head. That's always been a huge turn-on for guys. My mouth is very ac-

tive. I like to deep throat and I like to suck on their balls. It drives them crazy and they seem to get off better.

Are you a big fan of receiving oral sex?

I'm turned on by giving head, but I also love getting it. You have to show your man how to please you down there. Men like to rush things and I end up getting sore, but slow and easy will win my heart every single time.

Would you care to tell us where the most interesting place you've ever fucked somebody?

Well, I'll tell you it was with Randy and we did it on his saddle while riding on his horse. We were both facing forward and I was sitting on his cock as the horse trotted. It provided all the motion we needed. I grabbed the saddle horn for support and rode that cowboy for at least a mile down the trail.

What's your favorite position?

I like getting it from the back, doggie style. Men like to feel in control and this position lets them do it. They control the thrusting and the pace. Plus they like to play with my asshole at the same time.

How important is size?

If you're talking penis size, then it's somewhat important. He has to stay hard and be able to hit the right spots. If he's too big then it's hard to give a decent blow job. Just can't get it all in my mouth.

What's your ultimate fantasy?

I think I've pretty much done it all. I'm very sexual so if I want to do something or somebody, it hasn't been hard to get it or him. However, I wouldn't mind doing it on a moving train. The power, the shaking, the screaming wheels. Now that would be hot.

Some thoughts on saving humanity

Rita

Left to her own devices, Lisa would rule the world and put women in charge of everything. There would be food for everyone and no more wars on earth. "If there is conflict, I would have the lady presidents of the warring countries on a huge bed with vibrators and whoever came first would be the winner." A truly elegant solution, Rita. We think that's called thinking out of the box!

What is the Prostate?

The prostate is a gland located in the male reproductive system. It is responsible for producing and secreting prostatic fluid, which is a component of semen. The prostate is situated below the bladder and in front of the rectum.

Glands of the Prostate

The prostate is a gland that is composed of several smaller glands. These glands are responsible for producing and secreting prostatic fluid, which is a component of semen. The prostate is situated below the bladder and in front of the rectum.

Benign Prostatic Hyperplasia

Benign Prostatic Hyperplasia (BPH) is a condition in which the prostate gland becomes enlarged. This can lead to urinary problems, such as difficulty urinating and frequent urination. BPH is a common condition in older men.

Prostate Cancer

Prostate cancer is a type of cancer that starts in the prostate gland. It is the most common type of cancer in men. Prostate cancer can be treated with surgery, radiation therapy, or hormone therapy.

Prostate Biopsy

A prostate biopsy is a procedure in which a small sample of tissue is taken from the prostate gland. This sample is then examined under a microscope to see if there are any signs of cancer.

Prostatectomy

A prostatectomy is a surgical procedure in which the prostate gland is removed. This is often done to treat prostate cancer.

Prostate Radiation Therapy

Prostate radiation therapy is a treatment in which radiation is used to kill cancer cells in the prostate gland. This is often done to treat prostate cancer.

Prostate Hormone Therapy

Prostate hormone therapy is a treatment in which hormones are used to reduce the levels of testosterone in the body. This is often done to treat prostate cancer.

Prostate Watch

Prostate watch is a strategy in which men with prostate cancer are monitored closely for any signs of progression. This is often done for men with low-risk prostate cancer.

Prostate Active Surveillance

Prostate active surveillance is a strategy in which men with prostate cancer are monitored closely for any signs of progression. This is often done for men with low-risk prostate cancer.

Prostate Radical Prostatectomy

Prostate radical prostatectomy is a surgical procedure in which the prostate gland and surrounding tissue are removed. This is often done to treat prostate cancer.

Prostate Focal Therapy

Prostate focal therapy is a treatment in which only the area of the prostate gland that contains the cancer is treated. This is often done to treat prostate cancer.

Prostate Cryosurgery

Prostate cryosurgery is a treatment in which the prostate gland is frozen and destroyed. This is often done to treat prostate cancer.

Prostate Laser Therapy

Prostate laser therapy is a treatment in which a laser is used to destroy the prostate gland. This is often done to treat prostate cancer.

Prostate High-Intensity Focused Ultrasound (HIFU)

Prostate high-intensity focused ultrasound (HIFU) is a treatment in which high-intensity ultrasound waves are used to destroy the prostate gland. This is often done to treat prostate cancer.

There are some fun toys here in the lab also, if you just use some imagination. I especially love the test tubes. They make great dildos. They come in different sizes and depending how horny I am, I like to use them to get myself off. Tell me, have you ever done that?

The top 12 things that men ignore during sex

Hot animal sex is wonderful but that won't always be the case. Women will want it soft and slow most of the time while men want to jam it, ram it and forget it. But either way nothing makes us feel as good as seeing her happy. That warm glow of sex that a great orgasm will bring to her. The right lover will be back again and again, while a poor lover gets laid only once. Get out your scorecard and be sure you have all your bases covered. Remember, it's not how often you score, but the quality of your performance. Here are a dozen things to keep you on her mind. Let the games begin...

1 A soft touch is really important. A light kiss is better than a hard one. Don't slobber or snort like a big bulldog. Save your sloppy wet kisses.

2 Don't fumble around trying to feel for her clit. The clitoris is very sensitive and too much rubbing will make it hurt and she'll take you off it. Get to know where her clit is and how she likes to have it rubbed and licked.

3 A woman's juices are for lubrication, but sometimes that does not make her wet, or slippery, enough. Scented lubes are a turn on and taste good, too.

4 Men are the visual creatures. Women not so much. They need nice words to stir their imagination. Saying the right things during sex can be a real turn-on for her.

5 Spitting is not just for porn stars. Keep your tongue wet or well lubricated. You may think that there's always spit to keep it wet, but that is not always the case, dude.

6 Next to the brain and the vagina, nipples are the most erogenous zone, and oftentimes the most sensitive parts of her sexual anatomy. Ease up on the pinches and bites. They hurt!

THIS IS HER CLIT

7 Fingers and toes. Don't forget those! These are sensitive areas that get even more sensitive during sex. She'll also appreciate that you don't spend all of your time on her clitoris and pussy.

8 The look on your face tells her a lot. Even if you're bored, pretend to enjoy, especially if she's fellating you.

9 Toys can be a great addition to your lovemaking. She probably has a favorite dildo or vibe. Ask to use it on her.

10 Don't go poking into forbidden areas. Not that many women want their assholes touched or fucked. If you're lucky enough to get it, go slow. It can be a real game buster.

11 Know her name! Nothing will get you booted faster than the wrong name. Even if it seems like a one night stand, make it a point!

12 Take your goddamn socks off. Nothing says unsexy like fucking her in male hosiery!

Fun at the B+B

My name's Brianna and I'm a twenty-eight year old divorcee living in San Francisco. I had always wanted to fulfill a sexual fantasy of mine in a remote B&B in Sonoma County during the autumn.

I decided to get away from home and asked my friend Jackie to watch my kids while I coerced a co-worker, Bobby, to come away with me. We had been flirting for a few months at the office and even went out on a date once. He's a really nice guy, kinda shy, but I like that.

We arrived early in the morning at the bed and breakfast, signed in and went right upstairs to unpack. About noon we decided to have lunch at one of the nice winery estates that Sonoma and Napa Counties are famous for. Super-hungry, we pulled into the first one just a few miles up the road and had a great lunch with a great bottle of wine. We had most of a second – well actually I did – since Bobby was driving.

After a few hours we were ready to leave and I convinced Bobby to go back to the B&B saying I wanted to show him something there. We parked and headed up to our room. I bounced a little off the walls and he – ever the gentleman – helped me through the door and into the room. I sat on the bed for a moment, composed myself and got my suitcase out. I made him turn his back and went to the bathroom to change into this beautiful lacy bra and garter belt ensemble I purchased for this trip. I came out and Bobby was stunned. His cheeks turned red and he stammered to get words out. "Brianna, you look beautiful," he said. I thanked him and went over and took his shirt off. I snuggled into him and

began to massage his chest and back, my hands moving across his body and slowly down to his cock. He moaned a little as I gently squeezed it and it got harder and harder in my hands. I began to lick his nipples as I unzipped his jeans and pulled them down. He was wearing these cute blue boxers that I pulled

fully pushed him down on the feather-topped comforter, stripped him completely naked and moved closer to rub his cock on my cheek. I began to lick and nibble the underside of his cock. I licked and sucked him until I felt a hot stream of thick, sweet cum something, but I put one finger to his lips

down too and knelt in front of him placing his cock on my cheek and rubbing it. I looked up and saw his eyes close as he was taking this all in. I play-

to stop him. Then I licked the last of the cum from his still hard cock. I worked my way back up his body to his mouth where I kissed him for a long time. Breaking away, I asked if he could taste his cum on my lips and he said he could. "It tastes a little weird," he said. "I've never tasted it before but mixed with your lipstick it was neat."

He pulled me close and gave me another deep kiss. "This lingerie is beautiful," he whispered. "I hate to take it off you." "Then don't," I said, pulling my

large breasts out from their lacy enclosure. The bra supported them from underneath as they pointed straight at him. He leaned forward and began to suck on my erect nipples. He began to massage them with one hand as the other slipped down between my legs and found my wet pussy. "You shave down there?" he asks quietly. "I did just for you, Bobby." I said.

balls in my hand. I replace my hand with my mouth on his balls and force both of them into my mouth. Inside, I swirl my tongue around them, gently sucking on one, pushing it away with my tongue to suck on the other. He leans forward and rubs my breasts and kisses my nipples. I swallow almost his entire length and gag as he starts to trust himself in and out of my mouth.

could reach his asshole. Not my luck, but that was about to change. Bobby pulls himself away and lays on the bed with me. Rolling me onto my side, he gets behind me and thrusts his cock into my pussy. My juices are flowing all over the sheets as he pushes his hard on deep into me. Pulling my leg up for better leverage, he continues to thrust pushing my insides up into my belly. My pussy seems to tug on his cock, pulling him deeper and deeper into me.

Once again his hands find my breasts, pinching my nipples in such a way that it feels like I'm being fucked in two places. My cunt is throbbing. This is incredible. We roll so I am sitting on him, and I now am in control. I squat on him going all the way down his cock, thrusting myself up and down on it. I feel his hand on my ass and I feel my body shuddering down there. Thrusting deep into me, I feel like I can swallow his whole body into my pussy.

He slid his tongue down my neck, between my breasts and down to my panties. He raised one of my legs and held it up as he now slid his tongue down my calf and the inside of my leg. I loved to have my pussy eaten and I couldn't wait for his tongue to lick me. When he finally reached my pussy, I was completely drenched in anticipation. He pulls the panty crotch aside and begins licking me. I moan loudly and that brings a huge smile to his face. His finger now finds my hot cunt and teases me, gently flicking my clit with his fingertips. While he is playing with me, I quickly bend my knees so his finger slips inside. I tighten my legs around his hand forcing his finger to stay there and fuck me.

Finally I open my legs and flip backwards on the bed positioning my up-sidedown mouth under his hard-again cock. I begin to suck on it and take his

He leans over even farther to reach my pussy with his mouth and we're now doing a floor-bed sixty-nine. I oblige by sucking his balls and sliding my tongue between his butt cheeks, seeing if I

I feel him tremble and I know he is about to come. I push myself harder and feel the same feeling coming over me. I ride him for a few more thrusts like a wild bronco and we cum together. I fall over backwards on him and he kisses my neck in pleasure and release. We kiss and smile at each other as I feel his cock throbbing with the spurts of climax still inside me. I roll off him and take his cock into my mouth and suck the last remaining drops out of it. I taste our hot wet sex juices and it just turns me on even more.

We cuddle for an hour and jump into the shower together. We spend what seems like an hour in there, soaping each other and rubbing our genitals in mutual masturbation until we cum again. That's three for him and two for me, but who's counting. The next day we don't even leave the room. We fuck all day on the nice big bed. I think last count was twelve for him and sixteen for me. Oh yeah!!!

A romantic couple, Brianna and Bobby, are shown in a bedroom. Bobby is shirtless, has a large tattoo on his left shoulder, and is wearing a white towel. Brianna is wearing a white lace-trimmed bikini top and bottom, a necklace, and has her hands on Bobby's face. They are about to kiss. The background includes a bed with white linens, a window with a view of a blue sky, and some indoor plants.

Dr. Sabrina returns with some encouraging words Edward's constant state of horniness.

Dear Doctor,

I'm writing today because I have a problem that I cannot seem to escape. I'm sixty-two years old, in great health and lead an active life. I am a widower for eight years and have not yet found the next Mrs. I do have a few lovely ladies that I have sex with on occasion so I'm relatively happy that way. My problem is that, in between my sexual episodes, I masturbate every day. And I do mean every day, and sometimes more than once.

I am a businessman and a 9-5 working day is no diversion. I will jack-off in my office, in the bathroom, and one time I got the urge so bad, I locked the cafeteria door and found a corner to do my thing. I always clean up and dispose of the result. A couple times I was almost caught and that was scary. I cannot afford to lose my job, but when the feeling hits, I cannot concentrate on anything else. I do not think sexy thoughts, look at porn or touch myself, but out of nowhere I get an erection that will not go away until it's relieved. One day, I tried ignoring it and sat in my office with a hard on for two hours. I had to go to a meeting and make a presentation standing up and did not want it to show, so just before the meeting, I jerked off and the presentation went off without a hitch.

I was never a big masturbator throughout my life. I assume I was pretty normal, doing it once or twice a week, even during my marriage. But these last couple years, my cock seems to have developed a mind of it's own and I am a slave to it. I have spoken to my doctor about it and we went back and checked the medication I've been taking and he says none of the drugs should cause this type of reaction. I had my testos-

Dr. Sabrina has some wise words for our readers. She tries to make sense of love, sex and what women want from their men.

If you have questions about the opposite sex, then Dr. Sabrina has the answer.

terone level checked and while it's a bit above normal, it's not causing this.

My sex life is relatively normal. We do all the normal stuff, in normal positions, for a normal length of time, and it is normally satisfying, normally for both of us. Sometimes however, after the lady leaves I immediately have to masturbate myself again within an hour. I'm at a loss as to what to do. I hope you have some advice for me.

Edward, Phoenix

Dear Edward,

I thought about your situation at great length and, you know, I decided that I did not really find anything wrong with it. We tell younger folks that masturbation is perfectly healthy and a normal part of life. That does not mean that when we get older it becomes less healthy or any less normal. When we say marriage or having a girlfriend will end masturbating, that is rarely ever the case. Men and women need relief when the urge hits, not when it's convenient to have a partner around.

I assume that since you've confronted the frequency issue, you are always prepared to catch your cum and properly dispose of it. I assume you use tissue or the like to put the cum into, but be sure that you also have plastic zipper bags to put that tissue in when there is no place or time to flush it. Since you are around it so much, you may not be aware of the smell of cum so be sure that the smell of your actions is also minimized. Wash your hands after completion. or have some hand sanitizer lotion around. or spare your comrades of your touch.

I do empathize with your job situation. You do have to be really careful that it doesn't interfere with your job. The thought of ridicule or losing it altogether doesn't seem to be enough to have you stop it during office hours, but you should find some way to control it a little better. If you live close to your office, consider going home, doing it there and then go back to work. Don't ever confess to a workmate that you do this, or bring anyone into it with you. That's a recipe for disaster.

Good luck – and just enjoy.

Sandy takes tennis lessons once a week at the club. Raoul teaches her and he cums once a week also. Her serve hasn't improved much but she sure knows how to score... point, game, set, match, fuck me again.

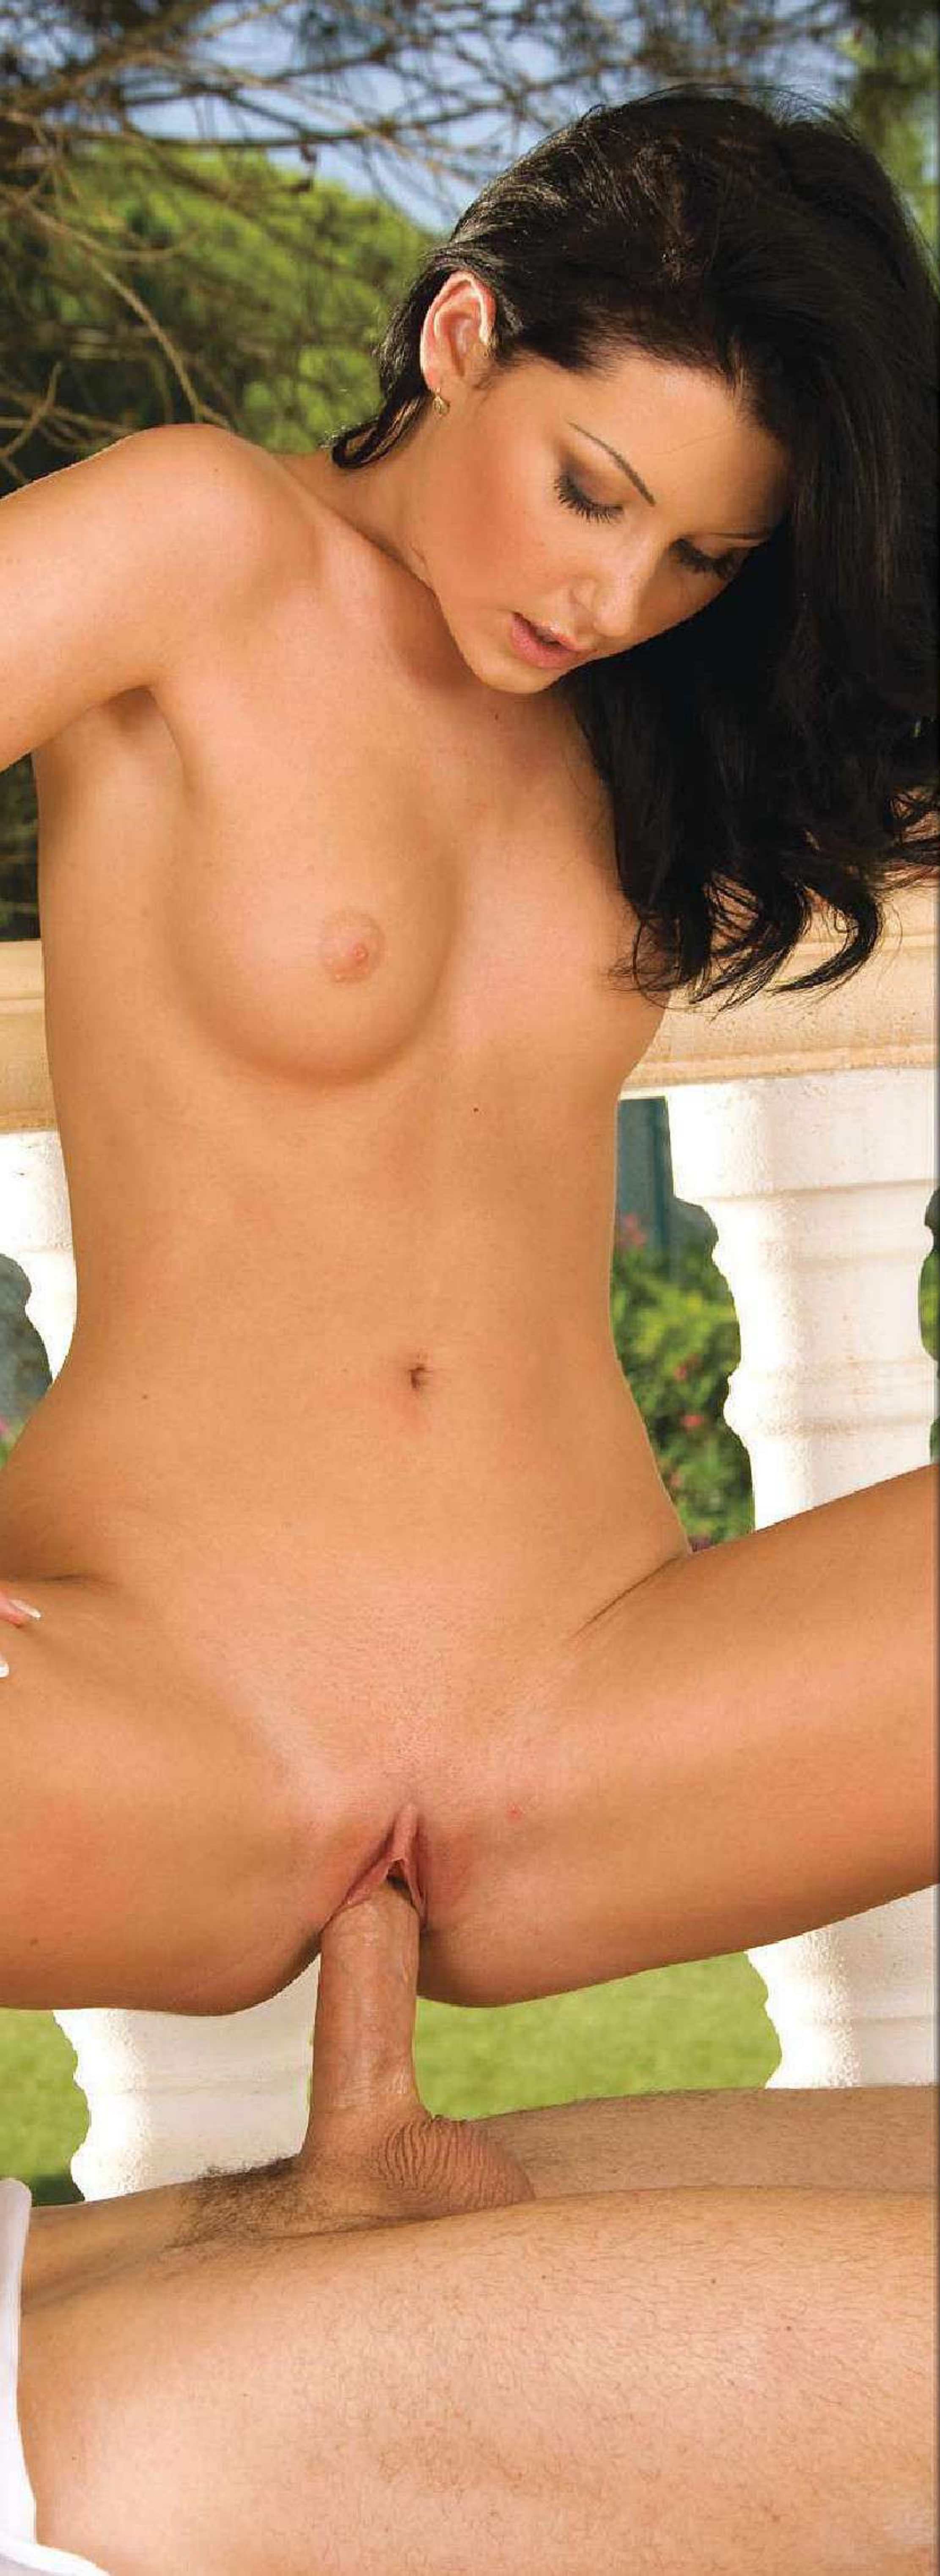

tennis camp

I'm the club photographer and I've been sitting at the club bar watching Sandy get tennis lessons from Raoul. They practice for about an hour. I followed them to a secluded spot on the veranda and found them kissing. I hid in the bushes and took out my camera. Here's what I got.

Sandy saw me shooting and gave me a wink as she went down on Raoul. She had no problem swallowing his huge cock. I think they had practiced this before. He undoes her clothes, pulls down her skirt and starts licking her. Her pussy gleams from the wetness. After a few minutes all their clothes are off and they go at it. He sucks on her boobs, she sucks on his balls, and I suck on my handkerchief.

They are now on the ground sucking and fucking. I sneak in a little closer to get a tight shot of the action. She's on top sucking his dick and Raoul is on his back licking her pussy. They change positions and are now fucking with the intensity of the final match point set at Wimbledon.

Sandy's hot and she's waiting for you. She wants to know if you can go balls deep in her. All you eighteen and older tennis players – it's now your time to call.

MEET US BETWEEN THE SHEETS

40+

This is the magazine that brings you hot women in the prime of their sex lives. These are the women who now want to have it all for themselves.

50+

Don't let their age fool you. It's good to be hot and horny at 50. These sexy seniors steam up the pages with their hot, unabashed eroticism and sensuality.

**Incredibly
HOT Savings**

30+ MILF PRESENTS

The hottest MILFs on the planet show you why they're the most sought-after love bunnies. They've done it all and now they are ready to do it to you, too.

NASTY HOUSEWIVES PRESENTS

When the cat's away, the bad girls come out to play. Meet some of the nastiest and wildest women who want to fuck you with no holes barred!

EROTIC FILM GUIDE PRESENTS

Your choice of super-sexy and super-slutty leggy wives that will rock you. Or when it's a hot butt you're after, just make a late night booty call.

☐ Yes! Sign me up now! It's been a long cold winter and I need something to keep me warm!
